About Me

I'm a web developer with a strong foundation in frontend development and programming fundamentals. I create responsive and user-friendly websites using HTML, CSS, and JavaScript, while also exploring other programming languages to expand my skills.

Skills

- HTML
- CSS
- JavaScript
- Responsive Design
- Web Development Best Practices
- React
- Node.js

- Figma
- Python
- Java (Basic)
- JavaScript
- Problem Solving
- Algorithm & Data Structures
- PHP
- SQL
- DBMS

My Projects

A basic calculator built with HTML, CSS, and JavaScript that performs basic arithmetic operations.

A comprehensive information portal about Sahiyadri, featuring details about its history, geography, and cultural significance.

A fun number guessing game where players try to guess a random number with hints and score tracking.
